

PHD GRADUATE COURSE AND BREADTH PLAN OF STUDY

Submit this form to the Graduate Office (BA 4242)

NAME (Please Print):	STUDENT #:
SUPERVISOR (Please Print):	DATE:

PHD DEGREE PROGRAM REQUIREMENTS:

- Students who have completed a Master's degree are required to take at least **4** (four) courses to fulfill their PhD course requirements.
- Courses must cover **4** (four) Research Areas. Courses completed in Master's degree may count towards breadth.
- List courses taken during the M.Sc. program for breadth credit evaluation.

- Please refer to the DCS Graduate Handbook for the classification of courses based on research areas

LIST THE COURSES THAT WILL FULFILL THE DEGREE REQUIREMENT:

COURSE #	COURSE TITLE	COMPLETED MSC CRS	PLANNED PHD CRS	Methodology* / Research Area	GRAD OFFICE Use

*Students who have been admitted to the PhD program directly from a Bachelor's degree must complete at least **8** (eight) courses to fulfill their PhD course requirements post-admission. The courses must cover at least three Methodology groups and 4 Research Areas. A single course can count for both Methodology and Research Area requirements.
